

**ENVIRONMENTAL SCIENTIST
MUNICIPAL WATER QUALITY INVESTIGATIONS
SUPPLEMENTAL QUESTIONNAIRE**

Name of Applicant:	Date:
Class Title: Environmental Scientist	Department/Division/Section: Water Resources/DES/Municipal Water Quality Investigations

INSTRUCTIONS:

This non-confidential Supplemental Questionnaire is designed to elicit information regarding each applicant's abilities, knowledge, and experience in relation to the Environmental Scientist position in the Municipal Water Quality Investigations section of the Division of Environmental Services.

On the sheets provided, please complete this questionnaire and identify a reference who can verify your knowledge and/or experience with regard to each question. If there is a question regarding experience that you do not have, include examples of similar experience that would demonstrate your ability or potential to perform the specific function. Please limit your answers to one page per question. Type-written submittals are preferred using no smaller than 12-pt font.

The interview panel will consider the responses of each applicant to the supplemental questions and to the oral interview questions in selecting the most qualified candidate for this Environmental Scientist position.

- 1. Please describe your drinking water quality monitoring experience using examples from one or two projects.**

2. How would you apply your scientific skills and knowledge for projects in surface and drinking water quality monitoring?

- 3. Describe a situation in which you made a decision that impacted your work and/or the work of others. How did you approach the situation, what factors did you consider, who was affected by the decision and what was the outcome of the decision?**
